

FLORENCE MAXWELL LOW VISION CLINIC SERVICES

Are you having trouble reading, watching TV or other activities you enjoy due to vision loss? CVI can help. To learn more about scheduling and financial assistance, email clinic@cviga.org or call 404-602-4277.

LOW VISION
EVALUATION

Your exam will be with an optometrist with specialized training and experience helping patients with low vision. Your doctor and the team will learn more about your goals and challenges and will recommend tools to help you do the things you want to do.

You will learn ways to enhance your sight with magnifiers, digital devices, lamps, and other tools. CVI can help you make the most of the vision you have and enjoy your independence, hobbies, and time with family and friends.

Exam Fee: \$500

LOW VISION EVALUATIONS FOR
SCHOOL-AGED CHILDREN

A low vision evaluation will help students maintain the skills and tools they need to succeed in school. CVI's optometrist and occupational therapist provide counsel and recommendations for devices and supports to fulfill the student's educational needs.

Student Low Vision Exam Fee: \$500

FLORENCE MAXWELL LOW VISION CLINIC SERVICES

Are you having trouble reading, watching TV or other activities you enjoy due to vision loss? CVI can help. To learn more about scheduling and financial assistance, email clinic@cviga.org or call 404-602-4277.

OCCUPATIONAL THERAPIST EVALUATION

An occupational therapist (OT) with a specialty in low vision will show you lighting and magnification options for reading, writing and performing daily activities that best fit your goals and needs. Your therapist will demonstrate and provide training for the use of optical, non-optical and electronic low vision devices along with specific techniques for everyday things like meal preparation, financial management and medication organization.

Occupational Therapy: Included with Low Vision Evaluation

FOLLOW UP OCCUPATIONAL THERAPIST SERVICE

You can schedule a follow-up appointment to gain more extensive and continued help learning new skills. During an in-home session, the therapist will provide training on the devices and techniques learned in initial evaluation and relate it to your home environment. The follow-up appointment in the clinic would help you gain more practice mastering the skills.

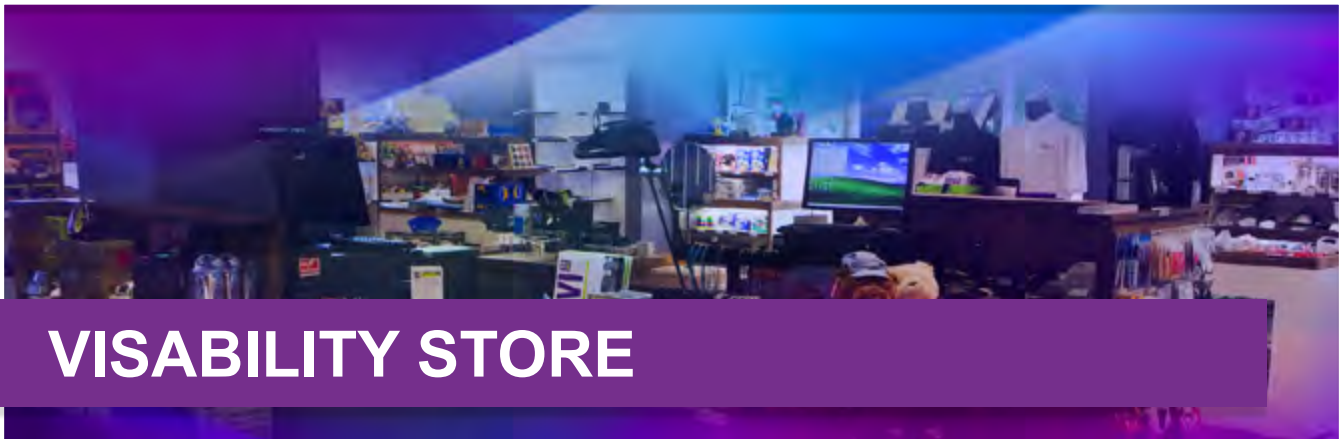

Follow-up Appointment at CVI: \$200

Follow-up Appointment in Home: \$300
